Looking South 1st Bay Point Perry

Directions

Starting from North Shore (Twin waters) head north along the coast picking up the bike path at Mudjimba and taking it on past the airport (gravel) and through Marcoola. This path then meets up with the Hyatt, turn left on Tanah Street and then Right across David Low Way, crossing back across after the Hyatt. The bike path and back streets then offer a few short sharp ascents and descents before entering Coolum along the Boardwalk from Pt Perry Lookout. To ride to the Maroochy River Bridge there are bike/footpaths going under the motorway on the right hand side of David Low Way then along for 500m before heading in through the Cane Fields and under the bridge before rejoining the bike path on the Bridge itself. This ride is about 8km from Nth Shore.

Points of Interest

- Twin Waters - Award winning development, with great bike access and many sites
- Maroochy River Conservation park - Bushwalking tracks through park
- Beach Accesses - Don't forget to take in the many beach views along this route
- Mudjimba - Stop for a coffee or swim
- Mt Coolum Walk - One of the best views on the Sunshine Coast (Not for the faint hearted!)
- Hyatt Regency Coolum - Another award winning development and hotel with bike paths
- Coolum/Pt Arkwright Bush Walk - Great short coastal bushwalk along Headland
- Point Perry - One of the best views of the Coast
